Tax advisory firm moves to Wynyard

A leading accounting, tax and business recovery advisory group has moved to Wynyard Park - into an office which shares its name.

Evolution Business and Tax Advisors was established in July 2010 as a result of a management buy-out of the North East operation of Vantis Plc.

Since then it has operated from its three inherited offices in Hartlepool, Middlesbrough and Darlington.

Although it is keeping the Hartlepool office the rest of its 67 employees will now be based in the Evolution office development on Wynyard business park on the A19 between Stockton and Hartlepool.
